

Specifications – AC 7 kW Charging Device

Rated Power	AC : 7 kW
Application Scenario	Residential Type
Input / Output Voltage	Single-phase 230 V (±10%)
Input/Output Current	32 A
Weight	3.8KG
Protection Level	IP55
Frequency	50Hz/60Hz
Connector Type	Type 2
Cable Length	5m
Display	4.3-inch color display, 480 × 272 resolution
Charging Mode	Plug & Charge / Card Authentication
Measurement	Built-in metering (Class B, ±1%)
Installation Method	Wall-mounted or floor-mounted
Protection Functions	Short circuit, surge, earth leakage, overvoltage, overcurrent, undervoltage, over-temperature, emergency stop, rain
Operating Temperature	-30 °C / +50 °C
Dimensions	400mm* 220mm* 142mm
Operating Altitude	<2000m
Relative Humidity	%5~%95
RCD	DC 6mA
EMC	Class B
Certification	CE
